MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Meeting with the CIA Subcommittee of House
Armed Services Committee

1. This memorandum is for information only.
2. Since the Congress convened in the second session, we have raised the problem of a meeting of the CIA Subcommittee on a number of occasions with the Chief Counsel. He, in turn, has raised this with Chairman Vinson but other business has precluded such a meeting.
3. As you are aware, the full Armed Services Committee has been fully occupied with the Military Posture and Authorization Hearings. These hearings have, on occasion, been held morning, noon and evening and on Saturdays. The Committee members are beginning to grumble at the Chairman's keeping their noses to the grindstone. The most recent check on a possible meeting was yesterday and it was indicated that when the House reconvenes on the 17th another two weeks will be consumed with military matters. Therefore, it seems unlikely that the CIA Subcommittee will be able to meet with the Agency until after the first of March. With the past and planned heavy schedule of full Committee meetings, it would seem there is little more we can do concerning meetings other than to keep checking for the record as we have done.
